The first deathrash appearance in 20 years. My very good friends deathrash from Vernon NJ will be tapeing at the Time Warner studios in Staten Island NY May 8th. You can here there new tune "Unfinished Business" right here on my Wake and Bake show Saturday mornings 9am to 12 PM (EST). If you know deathrash from there demo Faces of Death, which made Metal Forces top 10 demos of 1986. You may have herd the tune buried alive on Speed Metal Hell 3 release. There show rages, so if you guys in New York have NY ROCKS TV-Check it out you won't be dissapointed.
